Annual Report
OF THE
CAPE
HOSPITAL BOARD
Cape Town

1948

WITH ACCOUNTS AND STATISTICS
for the year ended 31st December,
1948

Annual Subscribers

Every person who subscribes, collects or raises at least £1 per annum towards the funds of any particular institution under the Board is qualified to become a member of the Board and to vote at the annual election.

Bequests

The Board earnestly hopes that Testators will remember the needs of the Hospitals when drawing up their Wills. By so doing they will be ensuring the perpetuation of the great work of healing carried out by the Hospital Board.

THE CAPE HOSPITAL BOARD

REPORT OF THE CHAIRMAN OF THE BOARD FOR THE YEAR ENDED 31ST DECEMBER, 1948

I have pleasure in submitting the following brief summary of the work of the Board during the past year. This is the thirty-fifth Annual Report and the statistics shown on the schedule attached at the end of this Report will give some indication of the great increase in the work in the General and Maternity Hospitals, particularly the Groote Schuur Hospital, during the past three years and will also show the overcrowded state of the hospitals.

1. GROOTE SCHUUR HOSPITAL:

Matron.—Miss S. M. Marwick, Matron, was appointed Inspectress of Nursing Education during the year, and the Board seconded Miss C. M. Loopuyt (Matron of the Wynberg Hospital) to take over the duties pending the post being advertised. Subsequently Miss Loopuyt was appointed Principal of the Carinus Nursing College. The vacancy was thereupon advertised, and the Board was fortunate enough to secure the services of Miss E. J. Fouche, formerly Matron of the Pietersburg Hospital.

I should like to express appreciation of the outstanding services rendered by Miss Marwick and Miss Loopuyt. Whilst congratulating them on their appointments to such important posts the Board greatly regret losing their services.

Commission of Inquiry.—At the Board's suggestion the Provincial Administration appointed a Commission of Inquiry to investigate the staffing requirements and organisation of the Groote Schuur Hospital.

Interim Reports have been submitted in regard to Linen Supplies, House-keeping and Catering Services and the recommendations are being implemented. The investigation is nearing completion and it is hoped that the Commission's Report will be published within the next few months.

I should like to express on behalf of the Board my sincere appreciation of the thorough manner in which the Commission has carried out its investigations and the spirit of co-operation which has been shown at all times. Once the staffing is placed on a sound basis, there will be a great improvement in the administration of the Hospital.

Accommodation.—As reported last year the existing accommodation at the Hospital has become totally inadequate for present needs, so greatly has the work grown during the past few years. The most urgent requirement is, of course, a new Out-patient Department and the plans of this building are still before the Provincial Administration. It is hoped, however, that the pressure on this Institution will be relieved when the hutment type hospital, referred to later in this Report, is in commission.

2. WOODSTOCK HOSPITAL:

The work at this Institution has increased tremendously during the last year. The present building cannot be extended any further and it is therefore intended to rebuild the Hospital taking in the present Ambulance Station. Plans for a modern four hundred bedded institution are now in course of preparation and will shortly be considered by the Board.

3. RONDEBOSCH HOSPITAL:

No further developments have taken place at this Hospital as the Provincial Administration is of the opinion that the Institution should eventually be rebuilt. In the meantime, however, final drawings are in the course of preparation for a new Operating Theatre (McLachlan Memorial Theatre), Staff Dining Room, Non-European Male Quarters, provision of laundry, etc., and it is hoped that the work will be commenced within a few months.

4. WYNBERG HOSPITAL:

The work of this Hospital has increased enormously in the last few years. The normal bed roll is 105 but the average number of patients is usually 123.

This naturally taxes the resources of the accommodation and nursing staff to the utmost and the time has come when the Hospital must be extended or another Institution built to meet the needs of the district.

The Board is negotiating for property in the vicinity of the Hospital and if this is made available it is intended to build a new Nurses Home there and convert the existing Home into hospital accommodation. The scheme envisaged by the Board is to extend the Hospital to 250 beds, but this will not be sufficient for the large area this Institution serves, and consideration is being given to a proposal to build another hospital of 400 beds on a site to be determined.

On the secondment of Miss Loopuyt (Matron) to the Groote Schuur Hospital as Acting Matron, Miss G. Balne, Senior Sister, took over the duties of Acting Matron and carried out the work most conscientiously and efficiently.

5. SOMERSET HOSPITAL:

General Section.—Pending the erection of the new Non-European Hospital at Athlone, it is necessary to provide additional accommodation for the nursing staff at the Somerset Hospital so as to enable empty wards to be put into commission. Plans for the following additions and improvements have been approved by the Provincial Administration, and it is hoped that the work will be put in hand at an early date:

Extension of Nurses Dining Room.

Accommodation for 77 nurses.

Maternity Section.—The accommodation in this section has been taxed to the utmost and great credit is due to all concerned for the highly efficient manner in which the work has been carried out. Certain structural alterations and improvements to the nursery, etc., will shortly be made which it is hoped will facilitate the running of the department.

Work on the district is an essential part of the training of pupil-midwives and great difficulty is being experienced in obtaining suitable accommodation for the nurses in the Windermere area. At present the nurses have to walk long distances on sandy roads, and enquiries are now being made with a view to purchasing a conveniently situated property which could be used as a District Room and Home for the nurses.

6. PENINSULA MATERNITY HOSPITAL:

Extensions.—All the properties adjoining the Peninsula Maternity Hospital have now been acquired by the Board and plans for extensions to the Hospital, a new Nurses Home and Out-patient Clinics are being prepared. In consultation with the Honorary Medical Staff the extensions are being planned to contain 100 beds with adequate accommodation for nursing, medical staff and students.

St. John Ambulance Brigade.—I should like to make particular reference to the valuable assistance given by the St. John Ambulance Brigade who have been providing free transport service for the Peninsula Maternity Hospital. The following figures show the amount of work done during the past two years:

1947		
Number of patients transported..	..	465
Mileage	2,384
1948		
Number of patients transported..	..	762
Mileage	8,285

This assistance is invaluable as so many patients are now sent home on the third and fourth day owing to the shortage of maternity beds, and the many calls on the Ambulance Service make it almost impossible for it to cope with the demand.

7. MOWBRAY MATERNITY HOSPITAL:

This Hospital (formerly the Mowbray Nursing Home) was acquired by the Board on 1st September, 1948. Numerous improvements are being carried out and thirty European maternity cases will be accommodated.

When the alterations and improvements have been completed, the Hospital will help to relieve the present shortage of maternity beds in the Cape Peninsula. Steps will then be taken to extend the accommodation.

Miss M. Joubert (previously Sister-in-Charge of the Maternity Section of the Somerset Hospital) was appointed Matron and is carrying out the duties most efficiently.

8. FALSE BAY HOSPITAL:

The False Bay Hospital Association have offered to meet the cost of a Childrens Ward and plans are being considered. At the same time it is hoped that accommodation will be built for the Resident Medical Officers. It is extremely difficult to plan extensions on the existing site but those I have mentioned will undoubtedly alleviate the existing state of congestion.

I should like to take this opportunity of expressing the Board's sincere appreciation of the continued active interest shown by the Hospital Association in the work of the Institution.

9. CAPE TOWN FREE DISPENSARY:

There is nothing special to report in regard to this Institution which is doing such valuable work amongst the poorer sections of the community.

Authority to proceed with the alterations to the interior of the Dispensary depends on the Department of Public Health accepting financial responsibility.

10. LADY MICHAELIS ORTHOPAEDIC HOME:

Through the generosity of Lady Michaelis it has been possible to erect a new balcony and bathroom. The Board has in view the conversion of the former Orthopaedic Workshop into Night Nurses quarters, an Out-patient Department and other structural alterations. These extensions together will result in the bed roll being increased to 31 European and 39 Non-European beds.

11. PRINCESS ALICE HOME OF RECOVERY FOR CHILDREN:

Plans of the extensions to the Home were revised during the year and are now before the Provincial Administration.

On 18th March, 1948, Her Royal Highness Princess Alice, Countess of Athlone, laid the foundation stone for the extensions, which comprise three ward blocks (100 beds). This accommodation, however, will not be sufficient to meet the demand for beds for the type of case dealt with in the Home, and it is hoped that before long, funds will be available to complete the scheme by the addition of four further ward blocks.

A further improvement contemplated is the provision of shelters in the grounds for the children and deciduous trees will be planted to provide shade.

12. CONVALESCENT HOMES:

The Eaton and McGregor Homes continue to carry out excellent work and are now to a large extent relieving hospital beds by admitting patients as soon as possible after operation and treatment.

A Playroom has been provided for the Non-European children at the Eaton Home and the Playroom at the McGregor Home has been extended.

13. DISTRICT NURSING ORGANISATION:

The following figures will show the amount of work carried out during 1948:

Number of cases	29,662
Number of attendances	154,406

A special vote of thanks is due to the local committees for the excellent work they are doing in assisting in the collection of funds, etc.

14. SUBSIDISED MIDWIFERY SERVICES:

Miss W. L. Dargin was appointed Supervisor of Midwives in August, 1948, and the Board is to be congratulated on having obtained her services. The Midwives are carrying out excellent work in the outlying areas.

15. AMBULANCE SERVICE AND CENTRAL WORKSHOPS:

Ambulance Service.—Three new ambulances were provided during the year, and the fleet now consists of eight ambulances and one station wagon. This provided for two vehicles to be continuously available during the whole twenty-four hours, and for a maximum of four vehicles during peak periods.

The staff has been increased to twenty-eight.

Special thanks are due to the Red Cross and St. John Ambulance Brigade for placing their ambulances at the Board's disposal. St. John ambulances now deal with all cases outside the Divisional Council area. Without their help it would at times have been impossible to cope with the many calls on the service and the Board deeply appreciates their assistance.

Central Workshops.—The workshop staff has also been expanded during the year and an increasing amount of major repairs, painting, etc., is now carried out departmentally, thus effecting a considerable saving.

During the war years it was not possible to keep the fabric of the hospital buildings in a proper state of repair, but a scheme has now been adopted which will provide for such work to be carried out during the next two years.

Extensions.—The existing accommodation for the ambulances and workshops is becoming inadequate and it will be necessary to build a new Station on another site. The present site will be required in the immediate future for the extensions of the Woodstock Hospital.

16. CENTRAL LAUNDRY:

With the opening of the Mowbray Maternity Hospital the work has increased enormously. The laundry for the Carinus Nursing College is also being carried out and it will be necessary in the near future to consider building another laundry elsewhere.

17. ORTHOPAEDIC WORKSHOPS:

Mr. T. O. Davies succeeded Mr. A. H. Hodges as Senior Orthopaedic Technician during the year. The Department has worked at high pressure but unfortunately it has not been found possible to keep abreast with the large number of orders owing to the shortage of trained staff.

18. RED CROSS WAR MEMORIAL CHILDRENS HOSPITAL:

I am pleased to be able to say that negotiations in regard to a suitable site are nearing completion and I would like to take this opportunity of complimenting the South African Red Cross Society on its successful drive for funds towards the building of the Hospital.

The plans are well advanced and it is hoped that this project will be in hand by the end of the year. The urgent need for a Childrens Hospital is too well known for me to stress.

19. CARINUS NURSING COLLEGE:

The Carinus Nursing College was opened in January, 1949, and 93 nurses from the Board's Hospitals are in training. The establishment of the College puts into practice the long cherished scheme of the nursing profession.

In future all student nurses will take the theoretical part of their training at the College and will be drafted to the different hospitals for practical work.

20. HOSPITAL ACCOMMODATION:

Hutments.—The Board is gravely perturbed over the serious shortage of hospital accommodation. Although a comprehensive scheme of hospital development and the extension of existing hospitals has been under consideration for several years, it is realised that it must of necessity be some time before the scheme can be brought into being. Various proposals for the temporary alleviation of the position are being considered, and it is felt that the most economical and expeditious manner of meeting the immediate need would be the erection of a Hutment Hospital. Plans are in the course of preparation for a 500 bedded Institution. If the scheme is approved, the Board has a large site near the Conradie Home, Pinelands, which could be used for this purpose.

Athlone and Northern Suburbs Hospital.—Negotiations are proceeding in regard to a site for the Athlone Hospital which eventually will take the place of the Somerset Hospital and help to meet the needs of the large Non-European population in that area. It will be a training centre for Non-European nurses. The Provincial Administration has made provision in the 1949-1950 Building Programme for this hospital.

The Board has continually requested authority to commence the hospital in the Northern Suburbs. The scheme envisages a 250 bedded hospital which can, later, be extended. It is understood that this hospital will eventually be a Central Hospital and a site of not less than 20 morgen will be required. The Board is negotiating for a site and it is hoped that this hospital will materialise in the near future.

21. RESIDENT MEDICAL OFFICERS:

Under the amended Regulations of the South African Medical Council, it is laid down that from 1st November, 1948, no doctor will be permitted to practice until he has served as a Resident Medical Officer in a hospital or similar institution for at least twelve months. In order to meet the demand for hospital appointments the Provincial Administration created additional posts of Resident Medical Officers at all the Board's hospitals.

22. PENSIONS ORDINANCE:

An amended Ordinance (No. 33 of 1948) was introduced during the year to provide for increased benefits to officials and employees.

23. COLLECTIONS:

Street collections held during the year resulted in the following amounts :

	£	s.	d.
Midweek collection (organised from the Head Office) ..	360	10	2
Hospital Rag Collection (organised by University Students)	8,850	0	0
Hospital Saturday (organised by The Women's Hospital Auxiliary) ..	655	6	5
Groote Schuur Hospital Association (organised by Groote Schuur Hospital Association) ..	305	0	0

The Board is deeply grateful to the organisers and collectors for their efforts. Collections held in Peninsula Churches and Synagogues amounted to £120 6s. 6d.

24. BOARD MEMBERS:

The following changes took place in the membership of the Board during 1948:

Representatives of the Cape Town Municipality.

Dr. C. T. Villet, vice Mr. Muller.

Mr. S. Kahn vice Dr. Villet.

Representative of the Provincial Administration.

Dr. L. Mirvish vice Dr. C. M. Murray.

Representative of Contributors to General Maintenance Funds.

Mrs. H. Boehmke vice Mr. P. B. Shearing.

Representative of the Honorary Visiting Officers of Institutions other than Groote Schuur Hospital.

Dr. J. C. Gie vice Dr. J. Arnott.

Captain W. D. Hare was elected Chairman and I had the honour of being elected Vice-Chairman.

25. HEAD OFFICE:

The offices occupied by the Head Office in the Divisional Council building became far too small for the increased staff, and the Provincial Administration kindly allowed the Board the use of the fourth and fifth floors of Industry Building, Loop Street, as office premises.

The Board's thanks are due to the Divisional Council and the Provincial Administration in this connection.

26. OBITUARIES:

It is with deep regret that I record the death of the following:

Mr. W. James, a member of the Board since 1924 and Chairman from 1929 to 1940. Mr. James' keen and practical interest in the hospitals, more particularly the Somerset and Convalescent Homes are known to all his colleagues and friends and he will be remembered for his generosity and devotion to the work which was so dear to him.

Mr. F. Bakker, was appointed to the Board in 1947 as a representative of the City Council and later was for a short time Chairman of the Woodstock, Rondebosch and Wynberg Hospitals Committee, where he did excellent work and was greatly missed on his resignation owing to ill health.

Mr. P. B. Shearing, represented the Contributors to the General Maintenance Funds of the Board from 1941 to 1948. Mr. Shearing was Chairman of the Woodstock, Rondebosch and Wynberg Hospitals Committee and took a personal interest in these Institutions.

Dr. C. V. Impey was for many years Honorary Radiologist to the Suburban Hospitals where he carried out a great deal of Pro Deo work.

Dr. R. M. Muir, Honorary Anaesthetist at the Groote Schuur Hospital from 1922 to 1946.

27. ACKNOWLEDGMENTS:

I wish to take this opportunity of thanking all who assisted in the work of the Board during the past year, in particular the Women's Hospital Auxiliary, the various Hospital Associations, the Ladies Clothing Guild, Hospital Rag Committee and the Rotary Club. The loyal co-operation of the medical, nursing and clerical staffs has ensured the Board's work being carried out efficiently in spite of the many difficulties which have arisen from time to time. To my colleagues on the Board I extend my sincere appreciation of their assistance.

A. A. BALSILLIE,
Acting Chairman.

GROOTE SCHUUR HOSPITAL

MEDICAL SUPERINTENDENT'S REPORT FOR 1948

HONORARY VISITING STAFF:

I regret to have to report the death of Dr. E. B. Fuller, Honorary Consulting Surgeon, and Dr. R. Muir, Honorary Consulting Anaesthetist.

Dr. L. Tomory, Honorary Visiting Paediatric Physician, and Dr. R. Wolff, Honorary Visiting Assistant Surgeon for diseases of the Ear, Nose and Throat, resigned after many years service both here and at Somerset Hospital, and both were appointed to the Honorary Consulting staff.

Dr. Jean Walker, Honorary Assistant Dermatologist, resigned as she was taking up residence at Port Elizabeth.

Professor J. G. Thomson, who had taken up the Chair of Pathology at the University of Cape Town, was appointed Honorary Pathologist (e.o.).

Dr. S. Scher was promoted to the post of Honorary Urological Surgeon and Dr. D. R. Barnes to that of Assistant Honorary Urological Surgeon.

Dr. R. D. Osler was appointed Honorary Assistant Visiting Venereologist.

The question of how to provide proper facilities for neuro-surgery was discussed at numerous meetings, and it was first decided that no post be created until a proper unit with an adequate number of beds and other facilities could be provided. Luckily, wiser counsels prevailed later, and, although it was decided not to create a senior post, a Neuro-surgical Registrar was recommended. The

post was advertised, and Dr. H. de Villiers Hamman, a registered Neuro-surgical specialist, who had settled in Cape Town in 1946, was appointed and assumed duty in March, 1948, thus fulfilling a long felt want, and saving the Cape Province in general, and Groote Schuur Hospital in particular from the inconvenience and humiliation of having to send all those neuro-surgical cases which are not (or unsuccessfully) operated on by general surgeons to Johannesburg Hospitals, at Government expense in the case of indigents. The large amount of work done under adverse conditions is ample proof that a fully-staffed department is an urgent need.

With the help of Dr. L. Barclay, who was appointed Honorary Dental Surgeon for that purpose, the Honorary Plastic Surgeons have established a very hard-worked Facio-Maxillary Unit, which attracts patients from all over the Province, but which is, unfortunately, very cramped for accommodation.

NURSING STAFF:

Miss S. M. Marwick, Matron since 1st February, 1946, was seconded to the newly-created post of Inspectress of Nursing Education for the Cape Province, and was replaced by Miss C. M. Loopuyt, as Acting Matron, on the 1st May, 1948. She did not remain very long, for on the 1st December she took up the duties of Principal of the newly-established Nursing College in what was formerly the Hotel Assembly, and Mrs. Morris, the Senior Assistant Matron, became Acting Matron. The chopping and changing of Matrons did Groote Schuur no good, and may prove too big a price for the rather doubtful increase in the number of nurses undergoing training.

COMMITTEE OF ENQUIRY:

A Committee of Enquiry into the organisation and administration of the Groote Schuur Hospital, appointed by the Administrator, commenced deliberations in September, and the bulk of the recommendations in my schedule of August, 1947, elaborated in my Report of March/April, 1948, have to await the report of this Committee, so that there are very few changes for the better, and most departments are still struggling along with temporary or acting staff—a notable exception is, however, the full time medical staff, which has been considerably strengthened. The name of the Almoners has been changed to Social Workers, but their number remains steady at two.

FULL-TIME MEDICAL STAFF:

Anaesthetists.—In addition to Drs. E. B. Hacking and P. S. Jenkin, who assumed duty on the 1st April, 1947, as Grade C and Grade A Anaesthetist respectively, Dr. T. A. Fuller, who has been part-time anaesthetist and lecturer in Anaesthetics to the University for many years, was appointed jointly by the Board and the University as a Grade "D" full time anaesthetist on the 1st January, 1948.

Resident Medical Staff.—The establishment of the post of Assistant Resident Medical Superintendent, Grade A, was sanctioned and advertised. Dr. N. H. G. Cloete was appointed, subject to the approval of the Provincial Administration. I sincerely hope that he will be able to assume duty at an early date and supply a long-felt want, as the Senior Resident Medical Officer who also acts as Assistant Superintendent has been saddled with more and more work in the Ear, Nose and Throat Department, to the exclusion of other duties.

Six Senior Resident Medical Officers' posts were sanctioned, with the main purpose of assisting the Honorary staff in treating patients, and of guiding Junior Resident Medical Officers. This has been a long-felt weakness, which was partly met by the Clinical tutors appointed by the University to certain departments, but as their duties were mainly teaching, they could not devote quite enough time to the treatment of patients. These posts were filled by appointing Drs. D. A. Edington, M. J. Bailey and B. B. Stewart on the medical side, and Drs. J. M. Hoffman, B. J. v. R. Dreyer and D. J. du Plessis on the surgical side. They had all assumed duty by the beginning of December, except Dr. du Plessis, who could not come until 1st January, 1949.

J. M. B. DE WET, M.D., D.P.H.,
Medical Superintendent.
